**An Appeal to the Owner of Healthcare establishments**

I, \_\_\_\_\_ from IQVIA. The IQVIA has been authorized by the Ministry of Health and Family Welfare in the Centre and the District Authority in the State to collect authentic data from each healthcare establishment under the Collection of Statistics Act, 2008.

The Ministry of Health and Family Welfare, Government of India has launched a nationwide census to gather information of hospitals, clinics/polyclinics, diagnostic labs, pharmacies and other healthcare establishments for both public and private sectors under National Health Resource Repository (NHRR) Project. All the Healthcare assets will be geo-tagged and hosted in the Bhuvan Server of Indian Space Research Organization (ISRO).

NHRR is a pioneering project that will help in generating real world evidence for public health planning, resource allocation, healthcare system strengthening, policy formulation, public private, etc. The NHRR Project will also help the citizen of India by providing basic details of Healthcare Establishments in their proximity. Both patients as well as healthcare establishments will be benefitted in future through this Project.

Under the Collection of Statistics Act, 2008, the following information will be solicited from the healthcare establishments;

- Basic Details like, Name & Address, Contact Details, Geo-coordinates, photographs, License/Registration number, Demographic location, Working hours, Electricity supply, Water supply & storage, Disposal of medical waste, Details of Medical and Para-medical personnel, etc.;
- Physical Infrastructure with respect to Land & Building, No of Beds, Quarters, Transportation and other miscellaneous items;
- Availability of Medical/Diagnostic and other Support Service. Status of medical devices & equipment for each department;
- Other miscellaneous information related to Quality Control, Technology, Certification and MRD, etc.

Ministry assures that the information collected would be used only for the aforesaid purpose and would not be shared with any government/private agency(s) and would be kept under safe custody. Therefore, Ministry requests you to kindly provide authenticated and accurate information pertaining to your healthcare establishment in the nation's interest.
